For the latest in celebrity news, plus more human interest and crime stories, check out these popular newsletters! > We predicted a future Paul Rudd win in 2020. Rodin Eckenroth/Getty Images Jonathan Majors in 2021. GP/Star Max/GC Images/Getty Images If you've just learned about Majors, 32, from his very brief appearance in "Loki," we have some homework for you. Watch "Lovecraft Country," "When We Rise," "The Last Black Man in San Francisco," "Da 5 Bloods," and his most recent work, "The Harder They Fall," and then try to tell us you don't have a massive crush.And, like we said, he stole the show in "Loki," setting the stage for his ultimate real MCU debut as Kang the Conqueror in "Ant-Man and the Wasp: Quantumania." Adam Driver in 2021. Daniele Ventorelli/WireImage/Getty Images Over the last decade or so, Driver has established himself as both an indie darling and a box office star (does the name "Kyro Ren" ring any bells?), and showed us all his strong comedic timing with "SNL" hosting gigs.And throughout 2020, "Last Week Tonight" host John Oliver has made us all laugh by thirsting over Driver in an increasingly violent fashion. As he correctly put it, Driver is "hot, right, and massive." When the writing team took home an Emmy in 2021, one of the writers called Driver out directly: "We would like to dedicate this award to Adam Driver. He knows what he did — and we know what we would like him to do."Between "Annette," "The Last Duel," and what's sure to be an instant classic, "House of Gucci," Driver has continued to make us thirst over him in 2021. Anthony Ramos in 2021. Roy Rochlin/WireImage/Getty Images Ramos, who's been a rising star since he was cast in the original Broadway production of "Hamilton," got to be the lead of his own musical this year when he played Usnavi in "In the Heights."Perhaps you saw the TikTok trend that was essentially everyone freaking out about the way he yelled at Vanessa (his love interest) for dancing ... more specifically, how she was shaking her a-- for like, half of the Heights.Now, Ramos, 30, is gearing up for the starring role in the next "Transformers" installment. He also released his second album in June, "Love and Lies." Dan Levy in 2021. Rich Fury/Getty Images Hf you've ever heard that success makes someone (even) sexier, look no further than Levy, 38, who broke Emmy records last year when "Schitt's Creek," which he co-created, produced, starred in, wrote and directed for, won the big seven categories for a comedy: writing, directing, actress, actor, supporting actress, supporting actor, and best comedy overall.Last December, he also starred in Hulu's LGBTQ+ holiday rom-com "Happiest Season."He also made his "SNL" debut as a host in February 2021. Jake Gyllenhaal in 2021. Dimitrios Kambouris/Getty Images for Tony Awards Productions Gyllenhaal is another almost unbelievable snub in the Sexiest Man Alive canon. He's been a favorite since 2001's "Donnie Darko," for crying out loud!And while the 40-year-old didn't have the busiest 2020 (who did?), he has a packed slate lined up: Michael Bay's action thriller "Ambulance," the film adaptation of musical "Fun Home," a West End run of "Sunday in the Park with George," and will star in "Francis and the Godfather," a movie about the making of "The Godfather."But, we'd be remiss not to mention the press tour for "Far From Home," and the subsequent bromance that sprouted between Gyllenhaal and his co-star Tom Holland. We could watch interviews of them for hours. BTS in 2021. The Chosunilbo JNS/Imazins via Getty Images BTS didn't show any signs of slowing down this year. The seven members, RM, Jungkook, Jin, Suga, J-Hope, Jimin, and V, have taken over pop music. They're one of the first K-pop groups to breakthrough in the US. In 2020 alone, they released their fourth album "Map of the Soul: 7" to critical acclaim, became the first K-pop group to perform at the Grammys, released their first English-language single "Dynamite," which broke YouTube records, and then released their fifth album "Be."In 2021, they released their second, third, and fourth No. 1 singles: "Butter," "Permission to Dance," and "My Universe" with Coldplay.Of course, their ravenous fanbase, called ARMY, would claim that they've been the Sexiest Men Alive for quite some time. An icon in the shape of a lightning bolt.
